Professional Experience

Web Development consultant at DevPort Gothenburg (june 2023-current)

Working as a Junior Web Developer and participating in coding, testing, debugging new applications and website with the team of designers, developers, and content creators to create digital tools.

Freelance Web Developer Gothenburg (maj 2023-current)

I am currently working on a hotel website using Next.js. In this project, I am also implementing a backend system to interact with customer data

Team Manager Backup at Svenska Spel, Gothenburg (2018-current)

As a team manager, I oversee work, support staff, communicate with clients and colleagues, participate in meetings, handle orders, budgets, and expenses. I manage and set product prices, liaise with Trivec support for system-related matters, and utilize Domino for invoicing, daily reports, and account reconciliation.

Web Developer Intern at Wallmander Co., Gothenburg (2023-maj 2023)

I created an WebSite that fetched flight data from an API and displayed it. I connected the database to our application and presented the data within it. Additionally, I designed and deployed the website from scratch using MongoDB, Tailwind CSS, and Next.js.

Web Developer Intern at Triple Down, Stockholm (2022)

I have worked with an automated PRIIPs software, designed to simplify compliance processes, improve customer experience, and generate PRIIPs documents.

Waiter/Bartender BigBar, Part-time Forlì (2014-2016)
